

REMARKS

Claims 1, 8, and 14 have been amended to more distinctly claim Applicant's invention. No new matter has been introduced. Support for the amendments can be found in the specification, e.g., page 4, lines 9 to 18.

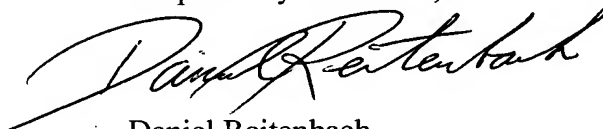

THE OBJECTION AND REJECTIONS

1) The Examiner has objected to claim 14 because of an obvious typo. It is respectfully submitted that the amendments to Claim 14 have now obviated this objection. Reconsideration of this objection is respectfully requested.

2) The Examiner has rejected claims 1 and 8, under 35 U. S. C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is respectfully submitted the amendments to claims 1 and 8 have obviated this rejection. Reconsideration of this rejection is respectfully requested.

In light of the foregoing, reconsideration and allowance of the subject application are respectfully solicited.

Respectfully submitted,
